

I need to hear KLOVE each day to help keep me upbeat and happy.  
We don't have that in the other stations that are broadcast here.  
I think spreading God's word in a musical and upbeat form is a new  
and positive way to keep us faithful. There is too much negative talk out  
nowadays, this station is a very refreshing change from all that. I lobby you  
to rethink the LPFM broadcast service and keep the national and regional FM  
translators working. Thanks for your time.
